

MATERIAL SAFETY DATA SHEET

SECTION 1 - PRODUCT AND COMPANY INFORMATION

Product Identity: IB-C2C-HUSA™ Kit
Part Number: 60-1017

Manufacturer: IBEX Pharmaceuticals Inc.
5485 Rue Paré, Suite 100
Montréal, Québec, H4P 1P7 Canada
Tel : (514) 344-4004 Fax : (514) 344-8827

Product use: for in vitro use only

SECTION 2 - HAZARDS IDENTIFICATION

Note: To the best of our knowledge, the product does not pose a hazard equivalent to the hazard posed by the individual ingredients in their pure form. We have thereby classified this product in its entirety as non-hazardous.

Information on the toxicity of ProClin 300 at the supplied concentrations is unavailable. The following is applicable to 1) **pure** ProClin 300 and 2) **concentrated** Sulfuric Acid:

1) **Pure ProClin 300**

- Corrosive
- Combustible liquid
- Causes skin and eye burns
- Harmful if swallowed or inhaled

2) **Sulfuric Acid**

- Corrosive
 - Combustible liquid
 - Causes skin and eye burns
 - Harmful if swallowed or inhaled
-

SECTION 3 - COMPOSITION / INFORMATION ON INGREDIENTS

<u>Non-Hazardous Component</u>	<u>Ingredients</u>
Tracer Ab-HRP	Purified monoclonal antibody (mAb) conjugated to Horseradish Peroxidase in a buffer with BSA
Dilution buffer	A Phosphate buffer containing a non-ionic detergent and BSA
Matrix buffer	An aqueous solution containing a colorant
Wash buffer	Buffered saline with non-ionic detergent
Tetramethylbenzidine Solution (TMB)	Tetramethylbenzidine in proprietary buffer
Mixing plate	Polypropylene 96-well U bottom microplate
Coated microplate	Microplate pre-coated with purified mAb

<u>Hazardous Component</u>	<u>Ingredients</u>
C2C Standard Set	C2C peptide in buffer containing 0.05% ProClin 300
Positive control - 1	Diluted human urine in buffer containing 0.05% ProClin 300
Positive control - 2	Diluted human urine in buffer containing 0.05% ProClin 300
Stop Solution	0.2 M Sulfuric acid

1) ProClin 300 (ProClin is a registered trademark of Rohm and Haas Co.)

- Ingredients: (a) Mixture of 5-Chloro-2-methyl-4-isothiazolin-3-one and 2-Methyl-2H-isothiazol-3-one (3:1) (b) propylene glycol (c) alkyl carboxylate
- Synonyms: Kathon CG/ICP II, Slaoff 360, MBC 215
- CAS Number: (a) 55965-84-9 (b) N/A (c) N/A
- EC Number: (a) N/A (b) N/A (c) N/A

2) Sulfuric Acid

- Molecular Formula: H₂SO₄
- Synonyms: Oil of Vitriol; Dihydrogen Sulfate, Vitriol Brown Oil, Babcock acid;
- CAS Number: 7664-93-9
- EC Number: 231-639-5

SECTION 4 - FIRST AID MEASURES

Ingestion: Do not induce vomiting. Get immediate medical attention.

Skin contact: Wash skin with soap and plenty of water. Get immediate medical attention if irritation occurs.

Eye contact: Immediately flush eyes with running water for at least 15 minutes. Get immediate medical attention if irritation occurs.

SECTION 5 - FIRE FIGHTING MEASURES

1) *ProClin 300*: Not available at supplied concentration.

2) *Stop Solution (Sulfuric Acid)*

Flammability: Non-Flammable

Auto-Ignition Temperature: Not applicable

Flash Points: Not applicable

Flammable Points: Not applicable

Product of Combustion: Not applicable

Fire Fighting Media and Instructions: Not applicable

Special Remarks on Fire/Explosion Hazards: Not applicable

Suitable Extinguishing Agents: Not applicable

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal Precaution: Kit contains material of biological origin of small volumes. Still, avoid personal contact and follow Standard Precautions during clean-up procedure.

Environment Hazard: Not applicable due to small volume of reagents in kits.

Small spill and leak procedures: Soak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal.

SECTION 7 - HANDLING AND STORAGE

Handling: Avoid contact with skin or ingesting reagents in kits. Wear a lab coat, gloves and safety glasses when working with product.

Storage: Keep all containers tightly closed in a cool and ventilated area, away from incompatible materials. Store according to product insert instructions.

SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

CAS #	Chemical Name	ACGIH (TLV-TWA)
N/A	ProClin	N/A for supplied concentration
7664-93-9	Conc. Sulfuric acid	0.2 mg/m ³ (Thoracic fraction)

Wear eye and skin protection when handling this liquid.

*ACGIH: American Conference of Governmental Industrial Hygienists

TLV: Threshold Limit Values

TWA: TLV-Time Weighted Average

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- 1) Physical State:** Liquid
Solubility: Soluble in water
Color: Light yellow
Odor: Odorless
Taste: Not available
pH: 4.1 at 100 g/L
- 2) Physical State:** Liquid
Solubility: Soluble in water with release of heat
Color: Clear color to yellow
Odor: Odorless
Taste: Not available
pH: 1.2 at 5 g/L

SECTION 10 - STABILITY AND REACTIVITY

- 1) **Chemical Stability:** Not available at supplied concentration.
Conditions to Avoid: Not available at supplied concentration.
Incompatibilities with Other Materials: Not available at supplied concentration.
Hazardous Decomposition: Not available at supplied concentration.
- 2) **Chemical Stability:** Sulfuric acid reacts vigorously, violently or explosively with many organic and inorganic chemicals and with water.
Conditions to Avoid: Excess heat, exposure to moist air or water. Note: Use great caution in mixing with water due to heat evolution that causes spattering. Always add the acid to water, never the reverse.
Incompatibilities with Other Materials: Metals, oxidizing agents, reducing agents, bases, acrylonitrile, chlorates, finely powdered metals, nitrates, perchlorates, permanganates, epichlorohydrin, aniline, carbides, fulminates, picrates, organic materials and flammable liquids.
Hazardous Decomposition: Oxides of sulfur.

SECTION 11 - TOXICOLOGICAL INFORMATION

No information available at supplied concentrations.

SECTION 12 - ECOLOGICAL INFORMATION

Toxicity: No data available
Persistence and degradability: No data available
Bioaccumulative potential: No data available
Mobility in soil: No data available
PBT and vPvB assessment: No data available
Other adverse effects: No data available

SECTION 13 - DISPOSAL INFORMATION

Waste Disposal:
Incinerate or bury as a solid in a licensed facility. Do not discharge into waterways or sewer systems without proper authority.

Container Disposal:
Dispose of in a licensed facility. Recommend crushing or other means to prevent unauthorized reuse.

SECTION 14 – TRANSPORTATION INFORMATION

DOT (US)

Not dangerous goods

IMDG

Not dangerous goods

IATA

Not dangerous goods

SECTION 15 – REGULATORY INFORMATION

Not a dangerous substance or mixture according to the Globally Harmonised System (GHS).

SECTION 16 – OTHER INFORMATION

Date of revision: Feb 13, 2016

This information is given without any warranty or representation. It is believed to be correct but does not claim to be all inclusive and shall be used only as a guide. IBEX Pharmaceuticals Inc. shall not be held liable for any damage resulting from handling or contact with the above product. It is offered solely for your consideration, investigation and verification.
